

Application for Graduate Studies, 2022 Academic Year

Program	Life Sciences (International Program)			Code	X D 2 7	
Faculty	Science					
Degree	M.S. (Life Sciences)					
Number of Students	First semester	5	persons (Re-open)	Second semester	5	persons
Plan	A 2					

Admission Requirement

1. Applicants must hold a bachelor's degree in Bioscience or other related fields.
2. Qualification requirements of applicants are subject to Kasetsart University Regulations on Graduate Studies of The Graduate School, Kasetsart University

Remarks:

Specify the fields of interest at the end of the application e.g. Applied Radiation and Isotopes, Biochemistry, Botany, Earth Science, Genetic, Microbiology, Zoology, Chemistry, Physics, Material Science, Statistics and Computer Science, *etc.*

Details of Examination

Activities	Date-Time-Place	
	First Semester (Re-open)	Second Semester
Oral examination for knowledge in life science and bioscience.	19 May 2022 Time start at 01.00 pm. Room: 406 Sukphacha Vajanont Building, Faculty of Science	18 October 2022 Time start at 01.00 pm. Room: 406 Sukphacha Vajanont Building, Faculty of Science

Additional information:

1. The international program is a multidisciplinary graduate program. Students can pursue their studies and conduct research in a broad spectrum of appropriated area in biological sciences. Students are obligatory to study full-time to facilitate timely completion of their degree program. The Faculty of Science and Kasetsart University will provide **financial assistance and research scholarships** to high potential foreign students who show evidence of adequate ability for collaborative research with abroad laboratory
2. The qualified students can apply to the Joint Degree Program in Life Sciences, which is cooperated by Kasetsart University and Yamaguchi University, Japan, and obtain a opportunity to study in Yamaguchi University for **at least 4 months and receive a joint diploma from both Kasetsart University and Yamaguchi University.**
