

## Application for Graduate Studies, 2027 Academic Year

|                    |                                       |    |         |                 |      |         |   |   |   |
|--------------------|---------------------------------------|----|---------|-----------------|------|---------|---|---|---|
| Program            | Life Sciences (International Program) |    |         |                 | Code | X       | D | 2 | 7 |
| Faculty            | Science                               |    |         |                 |      |         |   |   |   |
| Degree             | M.S. (Life Sciences)                  |    |         |                 |      |         |   |   |   |
| Number of Students | First semester                        | 10 | persons | Second semester | 5    | persons |   |   |   |
| Plan               | A 1 5 persons, A 2 10 persons         |    |         |                 |      |         |   |   |   |

### Admission Requirement

1. Applicants must hold a bachelor's degree in Bioscience or other related fields.
2. Qualification requirements of applicants are subjected to Kasetsart University Regulations on Graduate Studies of Kasetsart University.

#### Remarks:

Specify the fields of interest at the end of the application e.g. Applied Radiation and Isotopes, Biochemistry, Botany, Earth Science, Genetic, Microbiology, Zoology, Chemistry, Physics, Material Science, Statistics and Computer Science, etc.

### Details of Examination

| Activities                                                                 | Date-Time-Place                                              |                                                              |                                                                  |
|----------------------------------------------------------------------------|--------------------------------------------------------------|--------------------------------------------------------------|------------------------------------------------------------------|
|                                                                            | First Semester                                               | First Semester (Re-open)                                     | Second Semester                                                  |
| Writing and Oral examination for knowledge in life science and bioscience. | 12 Feb 2027<br>from 9:00 AM to 12:00 PM, via online platform | 14 May 2027<br>from 9:00 AM to 12:00 PM, via online platform | 21 October 2027<br>from 9:00 AM to 12:00 PM, via online platform |

#### Additional information:

1. The international program is a multidisciplinary graduate program. Students can pursue their studies and conduct research in a broad spectrum of appropriated area in biological sciences. Students are obligatory to study full-time to facilitate timely completion of their degree program. The Faculty of Science and Kasetsart University will provide **financial assistance and research scholarships** to high potential foreign students who show evidence of adequate ability for collaborative research with abroad laboratory.
2. The qualified students can apply to **the Joint Degree Program in Life Sciences**, which is cooperated by Kasetsart University and Yamaguchi University, Japan, and **obtain an opportunity to study in Yamaguchi University for at least 4 months and receive a joint diploma from both Kasetsart University and Yamaguchi University.**
