

Independent Study Dissemination of Master's Degree Students Studying in Plan B, Enrolled Since 2018 Academic Year

Referring to Kasetsart University Regulations on Graduate Studies of The Graduate School, Kasetsart University, B.E. 2559 (2016), Item no. 30.2.3 (3), it is specified that "Independent study or parts thereof are required to be disseminated in retrieval formats".

Kasetsart University Council Meeting no. 9/2560 on Monday 30 October 2017 reached a resolution that master's degree students studying in Plan B, enrolled since 2018 academic year are required to publish their independent studies in order to increase the quality of research works, in either one of these methods as follows:

1. Student's independent study or parts of independent study must be published, or at least accepted for publication in a quality national academic journal or a quality international academic journal that meets the Office of the Higher Education Commission Announcement on "The Criteria of Academic Journal Consideration for Academic Work Dissemination", or
2. Student's independent study or parts of independent study must be presented at an academic conference and published in full paper in an academic proceedings.

This regulation is applicable to master's degree students studying in Plan B, enrolled since 2018 academic year.
